FRIDAY, FEBRUARY 22, 1924

Boy Scouts and Parents Dine Tonight

Tonight at six-thirty the Boy Scouts and parents will join in a big feast at the Woman's Club house. The ladies of the Parent-Teacher organization have been busy for weeks planning the serving of the dinner and a large number of tickets have been sold. While the affair is planned as part of a nation-wide observance of Boy Scout forward movement, it is not confined to Scouts or their parents. Anyone having the interest of boyhood is welcome.

The program will be somewhat informal. Scout John Snyder will preside as master of ceremonies. The Scouts will provide several numbers, and there will be short talks by Scout Executive R. E. Winchester of Pasadena, Scoutmaster Stovall and Dr. W. A. Tate. The Campfire Girls will serve and have also had charge of the decorations.

SCOUTS ENJOY THEATER NIGHT

Forty-one Boy Scouts, with Scoutmaster Stovall and Assistant Ivan Munson were guests of Manager Brown of the Wistaria theater last Friday night. They sat in a body and enjoyed the program keenly, the film being "Unseeing Eyes," a story of the snowbound north with plenty of thrills. The Scouts remained in their seats until the rest of the audience had left the house and then fairly raised the roof with their cheers for Mr. Brown.

On Tuesday night of this week Mr. Brown invited the Sierra Madre newsboys to be his guests.

MAYOR CHOSEN ON BOY SCOUT DISTRICT COM.

Mayor Robert Mitchell has been chosen to represent District No. 4 on the Pasadena District Council of the Boy Scout organization. District No. 4 includes Sierra Madre, Monrovia and Arcadia. Bartle M. Harvey continues as district chairman, for district N. 4 which is a division under the Pasadena Council.

THOMAS TELLS ACTIVITIES OF P. E. RAILWAY

Ed C. Thomas, a veteran in the Pacific Electric promotion and development work made an exceedingly interesting talk at the Tuesday Chamber of Commerce luncheon at the Sierra Madre cafe. He dealt with the problems the railway faces in securing and properly placing new industrial enterprises. The figures he quoted regarding the increase in population and industry were astonishing to most of his hearers.

Mr. Thomas also told some of the difficulties in the way of proper development and service. The company, he said, has several million dollars appropriated and waiting to be expended on outlets for interurban traffic by means of subways and elevated tracks, but had been tied up by political influences.

George E. Mesecar presided as chairman. W. S. Hull will be chairman next Tuesday and has arranged for some entertainment instead of the usual talk, to be given by Mr. Werner of the Hoffman Hardware Co.

WHERE VOTERS MAY REGISTER

During the week, Mrs. Mary A. White, deputy county registrar, has been enrolling voters at the city hall. After this week she will register all who come to her residence, 58 E. Laurel avenue. The city election will take place on April 15. It will be necessary to register on or before March 15 to qualify for that election.

CHRISTIANITY AND BUSINESS FORUM TOPIC

Next Sunday night a group of business men will discuss the benefits to be achieved from a finer spirit of cooperation and service between business folk and community folk. If people would only apply Christian beliefs and principles in a larger and more consistent way in all community relations the benefits would be instantly apparent and would mark a new era in social history. All are cordially invited to come next Sunday night and share in the discussion of this fruitful subject.

Spending Half Million

Last Sunday night's discussion of the best way to spend \$500,000 along Christian principles for the good of Sierra Madre attracted a crowd which filled the house and aroused keenest interest. Mayor Mitchell represented the city, Mrs. Snell the Woman's Club, Mr. Burbank the Civic Association and Mr. Stovall the Chamber of Commerce, and Lloyd Tarr the League of Youth.

Mayor Mitchell started with the declaration that any expenditure which made for the general welfare, health, peace, and happiness of the people was a proper Christian use of money. Following this lead, the proposals of the various speakers took a wide field and the discussion was very stimulating.

Among the projects suggested were enlargement of the park, development of a civic center, public auto park under proper supervision, lifting the debt on the Woman's club as a community enterprise, an art gallery, a special book fund for the library to satisfy any reasonable need for students, public auditorium, hospitals and a recreation center on the city land in the arroyo. Invested funds for the support of various activities such as boys' work, public health work, musical enterprises, etc., were proposed.

Dr. Tate called attention to the fact that, although no one had yet offered to give the half million the discussion had been a success in bringing out a number of things which might be adopted as community ideals.

AIRPLANE MAIL FROM NEW YORK

Mrs. Ralph Solary received a letter Monday from her friend, Miss Mary Cassidy of Gouverneur, N. Y., which was carried by airplane mail. The sender tried it as an experiment to check up on the time required. The letter was mailed Wednesday morning, carried by plane to San Francisco, and apparently was received in Los Angeles Saturday night. On account of the lack of Sunday mail service, it did not arrive in Sierra Madre until Monday morning.

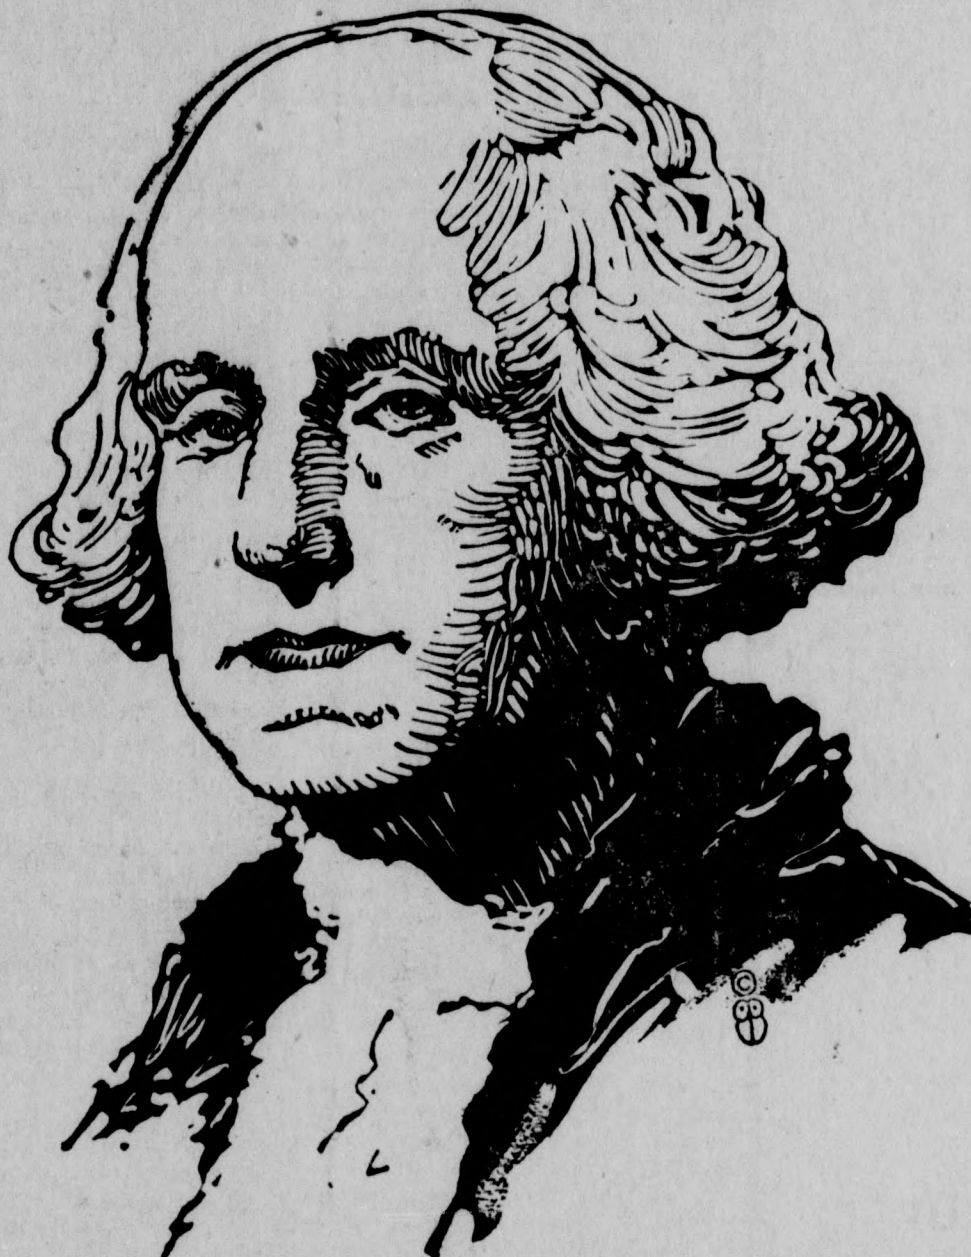

Other News readers may have received letters by airplane mail and are invited to relate their experience for purposes of comparing the actual advantages with ordinary railway transportation.

MORE LINCOLN VOTERS FOUND IN THIS CITY

Two more men who voted twice for Abraham Lincoln for president have been located as a result of the inquiry from M. W. Copps in last week's News. F. B. Seeley of 453 Ramona Ave., writes as follows:

As Comrade Copps states in your paper that he voted for Lincoln in 1860 and 1864 and asks if there are any others in Sierra Madre with like records, I write for his information that the writer, although not a voter in 1866, sat on the platform at a mass meeting in Albin, N. Y., where the Rev. Henry Ward Beecher, in opening his address for Fremont, said: "In my talk to you I will give some reasons why Kansas should be free." In 1860 and 1864 I voted for Lincoln. But Comrade John C. Coover of 313 Mariposa Ave., voted for Fremont in 1866 as well as both times for Lincoln.

Very Respectfully,
FRANK B. SEELEY

Of all the dispositions and habits which lead to political prosperity, religion and morality are indispensable supports. In vain would that man claim the tribute of patriotism who should labor to subvert these great pillars of human happiness, these firmest props of the duties of men and citizens. . . . And let us indulge with caution in the supposition that morality can be maintained without religion. Whatever may be conceded to the influence of refined education on minds of peculiar structure, reason and experience both forbid us to expect that national morality can prevail in exclusion of religious principles. Virtue or morality is a necessary spring of popular government. The rule, indeed, extends with more or less force to every species of free government. Who that is a sincere friend to it can look with indifference upon attempts to shake the foundation of the fabric? Promote, then, as an object of primary importance, institutions for the general diffusion of knowledge. In proportion as the structure of government gives force to public opinion, it is essential that public opinion should be enlightened.—(From the address by George Washington upon his retirement from the public service of the United States.)

MRS. FARISS CALLED TO REST

Mrs. Elsie M. Fariss, wife of Phil J. Fariss, passed away early Wednesday morning after a long illness with tuberculosis. She was a native of Rush county, Indiana, and in recent years has been a resident of Noblesville, where her husband was a well known attorney. Mrs. Fariss came to California in search of health about two years ago and had resided in Sierra Madre with her family since last March. In addition to her husband, she is survived by her two daughters, Miss Ruth Fariss, who is employed in the Sierra Madre Savings bank, and Jeanette, who is enrolled in the Sierra Madre school.

All were with her at the end, and have the sincere sympathy of the many friends they have found during their residence in Sierra Madre. Funeral services were arranged for this afternoon at the chapel of J. D. Fariss of Los Angeles, a brother of Mr. Fariss. Interment will take place at Forest Lawn.

EASTERN STAR OFFICERS ARE COMPLIMENTED

About forty members of Sierra Madre Chapter No. 299, O. E. S., attended a joint meeting with the two Pasadena chapters Tuesday night, the occasion being the annual visit of the grand matron, Mrs. Maude Bigelow Sibley. Each of the chapters shared in the exemplification of the ritual work. The Sierra Madre chapter carried off a large share of the honors, the grand matron being very cordial and enthusiastic in her approval.

Ladies interested in the forming of a new class in civil government and parliamentary law are invited to meet at the home of Mrs. J. A. Osgood, 617 W. Montecito, Tuesday afternoon, February 26 at 2 o'clock. It is proposed to devote half the time to each study.

Pertinent Comment

Sentiment in favor of uniting the Chamber of Commerce and Civic association has had various waves of ebb and flow in past months. Just at present attention is focussed upon the question of the necessity of the Chamber of Commerce finding a new secretary to succeed to the place resigned by Major C. S. Floyd.

Each has its own field of work, although they overlap to some extent. Furthermore, there is a certain amount of energy required for the machinery of organization which involves a waste in operating both at less than full capacity.

Each organization is valuable to the city, and has enough capable members to continue doing good work. But the two together have enough talent to make a world beater under proper leadership. Neither, at present, can be regarded as spokesman for the entire community. Sierra Madre ought to have an organization which can be just that. Such an organization could work out and foster a community program for a long period ahead. There are development problems which must be met, not all at once, but within a not distant period. They should be worked out as part of a coherent program, on sound principles.

Various little details crop up as obstacles in the minds of some people, such as the name, the fees and dues, the composition of the first official roster, etc. These need not be difficulties if the question is approached in a proper spirit.

The real question is that of leadership, meaning the man chosen as secretary. The Chamber of Commerce directors have a long list of applications. It may be the right person is among them. It may be the talent is here among us.

A suggestion with much to merit approval has put forward the name of Dennis Stovall as the logical man. It is repeated here for what it may be worth, entirely without his knowledge or consent. Mr. Stovall is something of a community institution himself. He has the respect and good will of all elements. He is already carrying a load of unremunerated community work. Perhaps such an arrangement would further tie him to us without interfering with his personal business or further burdening him with gratuitous activities.

Dr. Buckner to Address Lodge

Dr. Walter C. Buckner of Pasadena will be the speaker at the February social meeting of the Masonic lodge next Tuesday night. Dr. Buckner is pastor of the Lake Ave. Methodist church and has a reputation as a pleasing and forceful speaker. A cordial invitation to Master Masons is extended by E. L. Yerxa, master of the lodge.

CLUB CALLED TO CONSIDER LOT TRANSFER

Members of the Firemen's Club have been called to meet next Wednesday night to consider the matter of transferring back to the city the lot on which the club building was started. It is hoped some arrangement can be made which will make it possible for some one to do something with the property.

MINIATURES AT BILTMORE SALON

The California Society of Miniature Painters are having their seventh annual exhibition at the Biltmore Salon, Feb. 27 to March 12. Miss Ella Shepard Bush of Sierra Madre is secretary of the society and as usual her work forms an important part of the exhibit.

Mr. and Mrs. A. Goldman of Los Angeles have bought a home at 60 W. Laurel avenue, and expect to make their home here. They have resided a few months on Win Lane.

COURT REVELS TOLD IN FILM AT WISTARIA

"Enemies of Women" which comes to the Wistaria Theatre next week for two nights is by Ibanez, author of "The Four Horsemen." In this story, to one of Prince Lubinoff's extravagant revels comes Alicia, the Duchess of de Delille, a noted beauty of France, whose escapades rival those of the prince. A Cossack breaks through the guard and insults the prince; a duel ensues in which the Cossack is killed. Knowing that the Czar has banned dueling, Alicia has the prince placed in her car and gets him safely to France.

War is declared and the mobilization of the French army brings to light Gaston, a 16-year old son of Alicia, whose identity she has concealed to keep the secret of her age. The prince thinks Gaston is a youthful lover and leaves.

Michael returns to Russia to save the remnant of his fortune, then returns to Monte Carlo where with four friends he forms a cult known as "The Enemies of Women." Later as his friends all fall prey to women he goes to Alicia and declares his love. As he and Alicia are together a telegram arrives telling of the death of Gaston. Alicia flees his advances. Michael again declares his hate for women and arranges the most extravagant party ever staged in Europe. To this party comes Gaston who has been erroneously reported dead—he is disguised, being in the secret service. In the course of the party he gets into a difficulty with Michael and a duel is planned. Gaston fires at the ground and the Prince, realizing that he is facing a hero, hasn't the courage to fire and flees. This event gives him a new perspective on life. He joins the Foreign Legion and turns his villa over to the government for use as a hospital. Returning from the war he, of course, finds Alicia a nurse and the two seek consolation in each other's love.

WOMAN'S CLUB NOTES

MRS. E. H. CARPENTER
Press Chairman

Club Calendar

Wednesday, Feb. 27—2:30, regular meeting.

Thursday, Feb. 28—All day sewing at club house.

Music lovers of Sierra Madre are looking forward to the program at the Woman's Club on Feb. 27, when Mrs. Homer Glidden, chairman of the music section, will present a program which she is calling "An Afternoon of Opera."

Appearing on the program are Mrs. Howard Lieben, dramatic contralto; Miss Laura Cadmus, soprano; Mrs. Randolph Wood, soprano and pianist; Mrs. George B. Morgridge, pianist; Miss Clara Sykes, pianist; Mrs. Milton Steinberger and Mrs. J. M. Campbell, readers, and Mr. Randolph Wood, violinist.

The St. Valentine's costume party given at the Woman's club house on Friday was a complete success. About 175 persons attended. The costumes were very artistic and it was hard to determine to whom the prizes should go. The first prizes were donated by the Sierra Madre Paint and Paper company and "Saddler's" Miss Wilma Bowers of Pasadena winning that for the lady, Mr. Curtis Goodenow the man's. The other prizes were donated by Hartman's drug store and Woodson Jones and were awarded to Miss Viola Fennel and Mr. C. C. Tilton, a visitor from Lamanda Park.

Drama Section

The Drama department met at the club house on Monday afternoon. The first and second acts of "Arms and the Man" were read, and Miss Ferris gave a comprehensive review of "The Fool," by Channing Pollock. At the next meeting Mrs. Snell will review a new play by St. John Irvine, "The Lady Belmont."

Club Birthday

Mrs. Milton Steinberger, Federation Extension secretary, is asking us all to save up our pennies for the birthday party, at the club house early in March. She is planning a novel and most interesting party and that time hopes to raise funds to meet the quota of the Sierra Madre Woman's club for Biennial expenses.

Wistaria Festival

Extensive plans are being made for the Wistaria Festival which will be held from Monday, March 17, to Saturday the 29th at the famous Fennell vine.

The Civic Association and the Chamber of Commerce are helping to advocate this fete, helping to give it publicity in the hotels and in the

surrounding towns, and clubs in the district are being urged to make excursions to Sierra Madre at this time.

The grounds will be open from 10 o'clock in the morning each day (excepting Sunday, when they will be closed all day). Luncheon will be served and there will be music and tea in the afternoons. On Friday evening, the 21st, there will be a Wistaria ball at the club house and the following Friday, March 28, a wonderful evening of music which is being outlined by Mrs. Homer Glidden. In all probability "The Persian Garden" will be given, and tickets will be \$1.00 each.

All members are requested to come to the club house on Thursdays at which time activity is centered on making things for sale at this fete—orange marmalade, attractively wrapped and labelled; wistaria jars; candies, candlesticks and book-ends; baskets beautifully decorated, and boxes, too. There also will be home made candy, and the proceeds of the sale, of the whole fete, in fact, will go toward the building improvement fund.

These are, of course, tentative plans but will be followed as closely as possible. Mr. Stovall has assured the club that the Boy Scouts will be on hand to help with routing and parking of the automobiles. Everyone seems to be willing to do his part toward making the fete a wonderful success.

Contributions of fancy work are requested, as a counter for their sale will be a feature.

There is a great deal to be accomplished before March 17 and anyone who is interested in assisting will please get in touch with the committee in charge of the particular line in which he desires to serve.

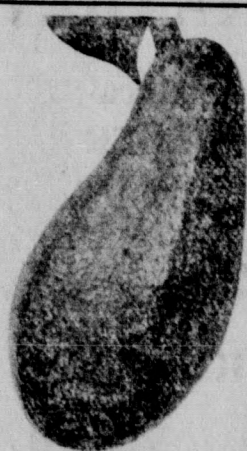

It has been requested that all who can, come to the club house on any Thursday previous to the fete. Their services are needed to help with the very necessary sewing.

Pictures that never were taken

You never found a family album containing pictures of "Hours with the wash tub."

There used to be plenty of such hours, but they weren't the kind people like to remember with photographs.

Today, instead of the pictures that never were taken, you will find many scenes of hours with the children. For the modern mother lets "Rough Dry Service" do all her washing and iron her flat-work, and finds the time and energy saved worth far more than the slight cost of the service.

Engineering Projects Urged in Water Problem

Here are the projects suggested by Engineer Reagan as a solution of the County water supply problem, and an estimate of the cost of each:

	Cost
Dam	122,000
Walnut Creek Reservoir	241,000
Sawpit Canon Reservoir	146,000
Thompson Creek Reservoir	603,000
Eaton Canyon Reservoir	586,000
Big Santa Anita Reservoir	1,720,000
Pacoima Reservoir and resort damage	1,750,000
Puddingstone Reservoir	555,000
Big Dalton Reservoir	1,000,000
Big Tujunga Reservoir	1,250,000
Sheep Corral Reservoir and right of way	110,000
Puddingstone Falls Reservoir	25,000,000
San Gabriel Reservoir	450,000
Retarding dams, Pacoima, San Antonio Canyon, and spreading grounds and works	150,000
Sierra Madre Canyon (small concrete and wire-bound check dams)	100,000
Haines Canyon (wire-bound check dams)	100,000
Pickens Canyon (one small arch and masonry or concrete check dam)	100,000
Verdugo Wash, Glendale, and side drainage	1,500,000
Tunnel, San Gabriel to Puddingstone	1,300,000
Tunnel, Puddingstone Reservoir to Spadra Valley	444,000
Tunnel, Big Tujunga to Arroyo Seco	660,000
Small diversion dams, Big Tujunga	250,000
Wire-bound dams in Dunsuir and other canyons	150,000
Levees with wire and rock rip-rap in Tujunga valley, and for rights of way	600,000
Work on levees, lower East San Gabriel	600,000
Work on lower Ballona Creek	200,000
Further work at Long Beach, at Virginia City	500,000
	\$40,087,000
Plus 10 per cent	4,008,700
	\$44,095,700

Los Angeles county's water supply is decreasing so rapidly that, unless prompt measures are taken to conserve and replenish it, a serious shortage will occur.

This warning was conveyed in a report just completed by J. W. Reagan, chief engineer of the Los Angeles County Flood Control District, and submitted to Board of Supervisors.

As a remedy, Engineer Reagan submits a detailed plan for the construction of reservoirs, dams and other works to cost \$44,095,700.

Among the significant statements in the report are these:

"Depletion of the underground water supply of Los Angeles county is alarming."

"Water conditions in the city of Los Angeles are so serious that within five years, at the present rate of growth in population, the supply will be insufficient."

"Every municipality in the county

is exhausting its water at an alarming rate."

Dual Warning

On practically every page of the report, which abounds in figures gathered over a period of years, there is a warning to city dwellers as well as rural residents regarding the seriousness of the problem. The question of flood control becomes secondary to the danger of water depletion, and Reagan points out how every community, large or small, will be affected by it unless steps are taken to meet the peril.

Construction of a giant dam and reservoir in the San Gabriel Canyon is the key to the solution of the problem, in the opinion of Reagan. This project would cost approximately \$25,000,000.

"The two paramount objects are water conservation and flood control," the report says, "and the key to these is the control of winter rainfall in the San Gabriel mountains."

Boulder Approved

Engineer Reagan gives tacit approval to the Boulder Canyon dam project by declaring that he "presumes it will some time be built" and by explaining how it could furnish enough water for an additional 10,000,000 persons in the county.

The work of the flood control district engineers during the last ten years is reviewed in the report, which shows that more than \$7,000,000 has been expended in that time to meet the problems which are now rapidly becoming vital. During those years the chief problem was the protection of farm lands against over-flow waters and there was little need to think of conservation. But now, according to the report, conservation is the main question.

Works constructed during the last decade—after the disastrous floods which damaged Los Angeles county lands to the extent of \$30,000,000 in 1914—had for a primary object the diversion of flood waters to the sea. But now, says Reagan:

Conservation

"The time has come to immediately take up the conservation of these waters in regions where the present plan of running the water to the sea to protect ranches and farms should be discontinued as soon as possible."

Year by year the underground supply of water in the county has been diminishing, according to Engineer Reagan. Chief among the reasons is the increase in the amount of land put under cultivation and the amount of water used in the growing cities for domestic purposes.

Showing the lowering of water levels in various sections of the county, Reagan says that when wells were first drilled in the San Dimas valley the water was within fifty feet of the surface, while drillers now have to go down 300 feet.

Water Level Drops

In the coastal plane, south of the Whittier narrows and crossing to Bellflower, the level dropped from thirty to seventy-five feet in various sections. During the last fifteen

COLLEEN MOORE REACHES NEW SCREEN HEIGHTS

The fact that Colleen Moore is now a motion picture star is one of those things that just happen. Really, it was all a mistake, for Colleen hadn't the least idea in the world when she left her home in Detroit that she was bound for fame via the silver-sheet.

In fact, Colleen was on her way to Europe to study for the concert stage. With her mother, she intended to spend some years in the musical centers perfecting her voice and then to begin her career. But she stopped in Chicago to visit her uncle, a well known newspaper man and editor, and through him at a reception she met D. W. Griffith.

Mr. Griffith talked with her for some time and then told her she was making a mistake to follow a musical career. She should go on the screen, he said.

Immediately Colleen's fancy was intrigued and she persuaded her mother to reverse their journey and start for Hollywood. There Mr. Griffith gave her the first screen part she had ever played and she has climbed steadily until in the Cosmopolitan's "Through the Dark," adapted by Frances Marion from Jack Boyle's story, "The Daughter of Mother McGinn," she reaches the heights of her dramatic art. "Through the Dark" will be the attraction at the Florence theater, Pasadena, next week.

WILL ROGERS UPSETS ALL THE TRADITIONS

What's the world coming to? Those who have seen Will Rogers on the screen and on the stage will have cause to stop and think about the present stage of affairs in the universe. Will Rogers has combed his hair! Yea, not only combed it, but has slicked it down with an oily finish! It's like shattering the country's fondest traditions to discover this amazing fact.

In "Uncensored Movies," Rogers' latest two-reel Pathe comedy, which will be seen at the Pasadena Theater Sunday, Will is called upon to rearrange his coiffure. As a result, those who have come to recognize Rogers as the unkempt, gum-chewing humorist, may not know him when they first see him.

U. S. CHAMBER OPPOSE TAX EXEMPTIONS

The western division of the United States Chamber of Commerce, a body thoroughly representative of business, agriculture and commerce in the west, at its recent meeting in San Francisco, took a decided stand on the tax question by adopting the following resolution:

"The Western division of the United States Chamber of Commerce is opposed to exemption from taxation of property used in a purely commercial business conducted by federal, state or municipal government, as distinguished from federal, state or municipal service necessary to the public health and safety, and to the exemption from taxation of income derived from securities issued for the financing of such enterprises, and expresses its conviction that competition and the use of individual incentive are vital to the prosperity of the nation, and that the further extension of government into commercial enterprises would retard business growth and expansion and be detrimental to the commercial and social welfare of the nation."

THE GAME OF CHOOSING

Take a bit of a note book and a pencil and put down carefully a tiny tally every time you are called upon to decide anything for just twenty-four hours and you will get a new idea of the importance of decision in your life and will discover that the world literally revolves about choices," advises Frank H. Cheley in the March issue of Boys' Life. "You begin the day by deciding to get up (or lie in bed), then you choose the clothing to be worn (unless mother does it for you), and then you choose what you will eat, whether you will walk or ride, and so it goes—a decision to make every minute every day—big ones along with little ones; you choose your books and your friends, and literally your opportunities, and if you learn to decide wisely and well, you win; if you have never taken the matter of prompt decision seriously, you lose and the other fellow wins."

PROOF POSITIVE

"Pardon me, professor, but last night your daughter accepted my proposal of marriage. I have called this morning to ask if there is any insanity in your family."
"There must be."—Yale Record.

\$5.00 for your Old Heater!

ANYTHING REASONABLE

"Meester Yones, what ees a polah beah?" asked Tony.

"A polar bear," replied Mr. Jones, "is a large savage animal that inhabits the polar regions."

"But, Meester Yones, what does he do?" queried Tony, anxiously.

"Do? Why, he don't do anything but sit on the ice and eat fish. Why do you ask?"

"Mine oldt frendt Peterson, he die and dey hafe de fun-ne-ral and Meeses Peterson want me to be polah beah. I do anything for her but I not sit on ice and eat fish."—Boys' Life for March.

HERR DOG

"What kind of a dog is that you have there?"

"Why—er—he's a German police dog."

"Well, he certainly does not look like one."

"Oh, he belongs to the secret service—he's disguised."—Yellow Jacket

Long Boy—"Big Boy, wuz George Washington as honest as dey sez he wuz?"

Shorty—"Ah tell you, nigger, George wuz the honestest man dat ever wuz born."

Long Boy—"Den, how come dey close de banks on his birthday?"—Georgia Cracker.

Must Be Raised IN 10 DAYS

96 PIANOS TO SELECT FROM

Pianos and Players of well known makes such as Story & Clark, Kimball, Knabe, Chickering, and a score of others of the same high quality, saving you in many instances \$300 to \$500.

132 PHONOGRAPHS TO BE SACRIFICED

These prices on Phonographs can't be beat. We have many others, but they will go quick at these prices. We grant that you have never read such wonderful values before in phonographs. Every one guaranteed by Long's Music House.

Long's Stock Must Be Reduced

TO MEET \$15,000 OBLIGATIONS

OUR entire stock of used Pianos, Phonographs and Musical Instruments are to be sold at prices that are going to demand your attention. During the last six months we have accumulated entirely too much stock and therefore in order to meet our obligations profits are to be forgotten and prices are going to be so low that we intend to do it in a hurry. Just ten days of sacrificing, price cutting and quick selling; but if we do it in less time

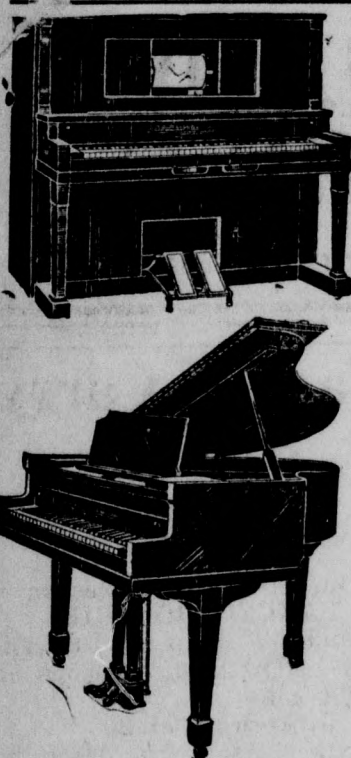

than ten days, then the sale will end when the last dollar is raised. So hurry. Come the first day—get your share—and you won't have any regrets.

—Every instrument will have our personal guarantee, as well as that of the factory. Long's Music House was established ten years ago and its reputation for square dealing can be depended upon. We take your old instrument in trade as first payment. Should you become dissatisfied with the instrument you buy we will guarantee to exchange, allowing you every cent you pay on any other

instrument of the same price or more. Every instrument sold is represented just as it is—if we say new it means new with our guarantee, and of we say used, it means used, but guaranteed to be in first class condition.

—In many instances these prices are so low that dealers could not buy them any cheaper. But we will sell none to dealers, feeling that you are entitled to these bargains. If you are at all interested come down tonight—Get the choicest selection—Store open to 10 o'clock.

J. HARLEY LONG, PROPRIETOR.

Urged in Water Case

(Continued from Page Four)

years the water below Gardena valley dropped twenty-one feet, while in Inglewood the decrease was sixty feet.

The complete plan embraces the construction of 11 large reservoirs in the San Gabriel valley and other subsidiary works.

The aggregate impounding capacity of the proposed reservoirs is 304,000 acre feet, and "they should handle and control twice that amount," the report adds. The principle in all of them, says Reagan in his recapitulation, is that they are to regulate and store and release for dissipation below them as the waters come to them. By this method, it is believed that the much needed water will not be wasted in the sea or dissipated below the subterranean gravel beds where it is usually stored.

"The amount of money required for this building program is but a little more than one-half of one per cent of the actual property value of Los Angeles county," Reagan declares.

"These works cannot be accomplished now or at any future time for much less money, and the longer they are delayed, the more injury will be done to the commonwealth. Hence, it is cheaper for the commonwealth to undertake this burden now, than to delay it for the future, whether the near future or the far future. The construction of these works is inevitable, whether done by the present county officials or not—they must sometime be executed, or decline will inevitably follow."

An outline of sites suggested by Engineer Reagan, and the reasons for their selection as reservoirs follow:

San Gabriel Reservoir

The structure to be built at the forks of the San Gabriel, will impound 240,000 acre feet of water. This impounding capacity will regulate a season's discharge of as much as 500,000 acre feet, or double the storage capacity.

Thompson Creek Reservoir

To the north and west of the cities of Pomona and Claremont, it is proposed to build a dam and create a reservoir which will control the runoff from Thompson Creek, which has an area of about 3½ square miles.

Puddingstone, Walnut Wash and Puddingstone Falls Reservoirs

These three projects will be directly connected in the work of conservation and flood control with the greater San Gabriel reservoir, and water from the Puddingstone reservoir can be conveyed by gravity to the city of Glendora. This reservoir as planned would be equipped with a small tunnel leading into the San Jose valley, where the discharge will help restore the water supply in the wells around Baldwin, Rowland, Spadra and North Whittier Heights.

Big Dalton Reservoir
A multiple arch dam, 140 feet in height, is planned for this section. It will impound 1250 acre feet of water. The storage capacity of this structure, according to Engineer Reagan, should completely remove the flood menace of the Big Dalton section from the mouth of its canyon to the Baldwin Park district.

Big Santa Anita Reservoir

The proposed dam in this canyon will be one of reinforced concrete, 250 feet high, and with an impounding capacity of 1500 acre feet. The drainage of this area totals 13 square miles, and in flood times much damage is done in the vicinity of Arcadia and Monrovia. Construction of this dam is expected to do much toward increasing the flow of wells in Arcadia, Monrovia, Sierra Madre, Santa Anita and Sunnyslope.

Eaton Canyon Reservoir

A 250-foot-high dam is proposed for this canyon, which has a drainage area of about five square miles. Sheep Corral Reservoir
(On Arroyo Seco in Pasadena)—The site for this proposed reservoir would be placed in the Arroyo Seco about 2¼ miles below the Devil's Gate dam. It would take care of all the "runoff" water not now handled by the latter structure. (The building of this dam would offer a large park possibility, covering the entire area of the Arroyo Seco already contemplated by the Los Angeles and Linda Vista drive in Pasadena.)

Big Tujunga Reservoir

This structure would be on the site (On Arroyo Seco in Pasadena)—geles Water department—a project which has not materialized. The area of the Big Tujunga and its tributary streams above this site is 112 miles and has a heavy runoff of water.

Pacoima Reservoir

This reservoir will remove the flood menace from the city of Van Nuys, as also from the "Pacoima cone," extending from the San Fernando boulevard for five miles to the suburban community.

Sawpit Canon Reservoir

Will have for its chief object the diversion of flood waters in that section to points where it can be used for irrigation.

THE ACCOMMODATION TRAIN

Conductor—"Say, young man, you can't go to New York on this ticket. It's marked New York to New Haven."

Young Man—"That's all right. I'll ride backwards."—Record.

Around Our Town

Miss Lottie Sizer of Kane, Pa., and Mrs. Mary Wilson of Meadville, Pa., are guests at the home of Mr. and Mrs. A. M. Wheeling, 101 E. Central.

Mr. and Mrs. Joseph Clarkson had as guests Sunday at their cabin in Dark Canyon, Misses Claire Phelan and Mildred Zeller and Mr. DeWitt Jones of Sierra Madre.

Mrs. Joseph Jessup and daughter of Fort Collins, Colo., are visiting her sister in law, Mrs. Robertson, of Pasadena. Mrs. Jessup is a sister of the late Freeman Miller, remembered by the older residents of Sierra Madre.

Miss Leah Fletcher and Mrs. Charles Barnes of Pasadena entertained a number of old friends at luncheon on Wednesday at the home of Mrs. Barnes in honor of Miss Fletcher's mother, aunt and cousins who are Mrs. Laura M. Fletcher and Mrs. E. E. Maxwell of Chicago and Mrs. Edgar H. Evans and daughter, Miss Julius Fletcher, of Indianapolis.

Mr. and Mrs. W. J. Lawless and their nephew, Robert Bruce McGill, entertained at a delightful dinner at their home Friday night, Prof. and Mrs. H. J. Weitzel, of Alhambra, Mrs. Elizabeth Dingman, Misses Mattie Seeley, Ruth Klemme, Eleanor Bayne, Messrs. Curtis Goodenow, Frank Spencer, Gilbert S. Bovard, and DeWitt Jones of Sierra Madre. The party spent the latter part of the evening at the Valentine dance at the club house.

In honor of her husband's—th birthday anniversary, Mrs. Arthur Johnson invited in a few of his friends to enjoy a delightful turkey dinner Thursday night at their home, 61 Suffolk avenue. The affair was planned as a surprise and Mr. Johnson found his guests awaiting him on his return from Los Angeles with Arthur III at the dinner hour. Those present were J. M. Love of Wilmington, Col. Herman Hall, C. P. Linhart, W. S. Hull, C. J. Pegler and George B. Morgridge.

Mr. and Mrs. William Keith and son, Boyd, of 326 East Central, drove to Huntington Beach Friday to the home of their daughter and son-in-law, Mr. and Mrs. R. L. Robertson after receiving a telephone from Mr. Robertson saying, "It's a boy, weighs eight pounds and fat as a pig with blue eyes." So after the family's happy investigation they decided he was somewhat right. Mrs. Keith will remain at the beach for some time. Mrs. Robertson, formerly Miss Violet Keith of Sierra Madre, was getting along nicely.

Before her marriage recently to Mr. Robert E. Kelley, Miss Mary Aramaian, daughter of Mr. S. D. Aramaian, formerly of 169 North Mountain Trail avenue, was the honor guest at an attractive little party given by Mrs. O. E. Emley. Very fittingly, hearts were trumps and the half dozen guests, including Miss Victoria Aramaian, sister of the bride, were busy with their thimbles making articles for the housewife's new home. Mr. and Mrs. Kelley have moved to Los Angeles where they plan to make their home, in one of the new subdivisions. Mrs. Victoria and her father are now living at 60 South Craig street, Lamanda Park. The Aramaian family have been Sierra Madre residents for many years and the young ladies have gone to school here and to Pasadena High, and been connected with the telephone exchange for a number of years. Miss Victoria is still returning each day to this city for her work at the office.

DOUBLE DEALING

The Nurse—"It's twins, sir."
Young Husband—"Good heavens! And I told her we would have to begin in a small way."—Tiger.

A New Resident's First Impressions of Sierra Madre

I came to the State of California in 1887. I lived in Los Angeles county until 1906; went to San Francisco immediately after the great earthquake and fire. I am a builder; I helped rebuild the city. I lived in a number of smaller cities of Northern California and came back to Los Angeles a year ago. Three weeks ago I came to Sierra Madre to perform a few labor days for one of your citizens and before the job was completed I was so thoroughly in love with your matchless little city that I have decided

to live right here forever.

I know all of California. Sierra Madre for beauty of setting, for health, for sure returns for investors, for people of large vision, for homes, and schools for youth of our country under the most idealistic conditions, in an environment unsurpassed in its uplift tendencies, surely puts your wonderful little city in a class all by itself. Yea, in all the world there is none to equal it.

The Community Sing

Well, it just took my breath away the first night. What voices, such a leader, so many pretty women, every body happy and just lots of fun. No wonder such harmony everywhere, with joy of living and prosperity beaming from every face you meet. The community sing helps a lot, I am here to tell you.

Say, all you old timers, and new timers, too, you can never say you have lived until you join in the community sing. Now you old grouchy person, you man with the rheumatiz, you tired business man, just drop all your worries and come out to the community sing next Thursday night. I guarantee your digestion will improve and your entire being will be so rejuvenated you will never have to undergo that humiliating and expensive operation of goat gland transplantation.

Now, Mr. Editor, if you like my "stuff" next week I will tell you what I would do to Sierra Madre and some of the "kids" if I had \$500,000 to spend.

Yours forever,

HOWARD FLORY.

Rainier Hotel.
